Why invest in prime central London?

A Market built for growth

Undervalued Assets

PCL property prices are 18% lower than their 2015 peak, creating strong acquisition opportunities.

Strong Demand

Transactions for properties priced between £1M and £5M have shown consistent growth, offering accessible entry points into one of the world's most prestigious markets. In the £5M-£10M segment, transactions have risen by 7% year-on-year, reflecting robust demand across all price points.

Limited Supply

New planning permissions have dropped by 66%, ensuring long-term value appreciation.

Projected Growth

Knight Frank forecasts a 25% price growth in PCL over the next five years.

High-Calibre Buyers

London is home to 6,600+ ultra-high-net-worth individuals (UHNWIs) and 874,000 millionaires, maintaining sustained demand.
